ACCESSIBILITY POLICY AND PLAN

Schools' duties around accessibility for disabled pupils

Schools and LAs need to carry out accessibility planning for disabled pupils. These are the same duties as previously existed under the Disability Discrimination Act and have been replicated in the Equality Act 2010

Part 5A of the Disability Discrimination Act 1995 (DDA) requires the governing body to:

- promote equality of opportunity for disabled people: pupils, staff, parents, carers and other people who use the school or may wish to; and
- prepare and publish a Disability Equality Scheme to show how they will meet these duties.

This Accessibility Plan and the accompanying action plan forms part of the Disability Equality Scheme and sets out how the governing body will improve equality of opportunity for disabled people.

The SEN and Disability Act 2001 extended the DDA to cover education, so since 2002 the Governing Body has had three key duties towards disabled pupils under part 4 of the DDA.

- Not to treat disabled pupils less favourably for reasons related to their disability
- To make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage including potential adjustments which may be needed in the future.
- To plan to increase access to education for disabled pupils.

This Accessibility Policy and Plan are drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over a prescribed period.

1. We are committed to providing an accessible environment which values and includes all pupils, staff, parents, and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance, and inclusion.

2. St. Francis of Assisi Catholic Primary School plans, over time, to ensure the accessibility of provision for all pupils, staff, and visitors to the school.

3. An Accessibility Plan will be drawn up to cover a three-year period. The plan will be updated annually. Reference should also be made to other relevant policies and School Development Plan actions linked to Individual Needs

4. The Accessibility Plan will contain relevant actions to:

a. Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers reasonable adjustments to the physical environment of the school and physical aids to access education.

b. Increase access to the curriculum for pupils with a disability, expanding and making reasonable adjustments to the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If a school fails to do this, they are in breach of the DDA). This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.

c. Improve and make reasonable adjustments to the delivery of written information to pupils, staff, parents, and visitors with disabilities. Examples might include hand-outs, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.

5. The Action Plan for physical accessibility relates to the Access Audit of the School, which is undertaken regularly. It may not be feasible to undertake some of the works during the life of this first Accessibility Plan and therefore some items will roll forward into subsequent plans. The audit will need to be revisited prior to the end of each first three-year plan period to inform the development of the new Plan for the following period.

6. The School's complaints procedure covers the Accessibility Plan. The Plan will be monitored by the Governors responsible for Premises and Health & Safety and then discussed and reported at full governing body meetings.

7. The Plan will be monitored by Ofsted as part of their inspection cycle.

8. We acknowledge that there is a need for on-going awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.
